תצוה

T'tzaveh

(you shall command)

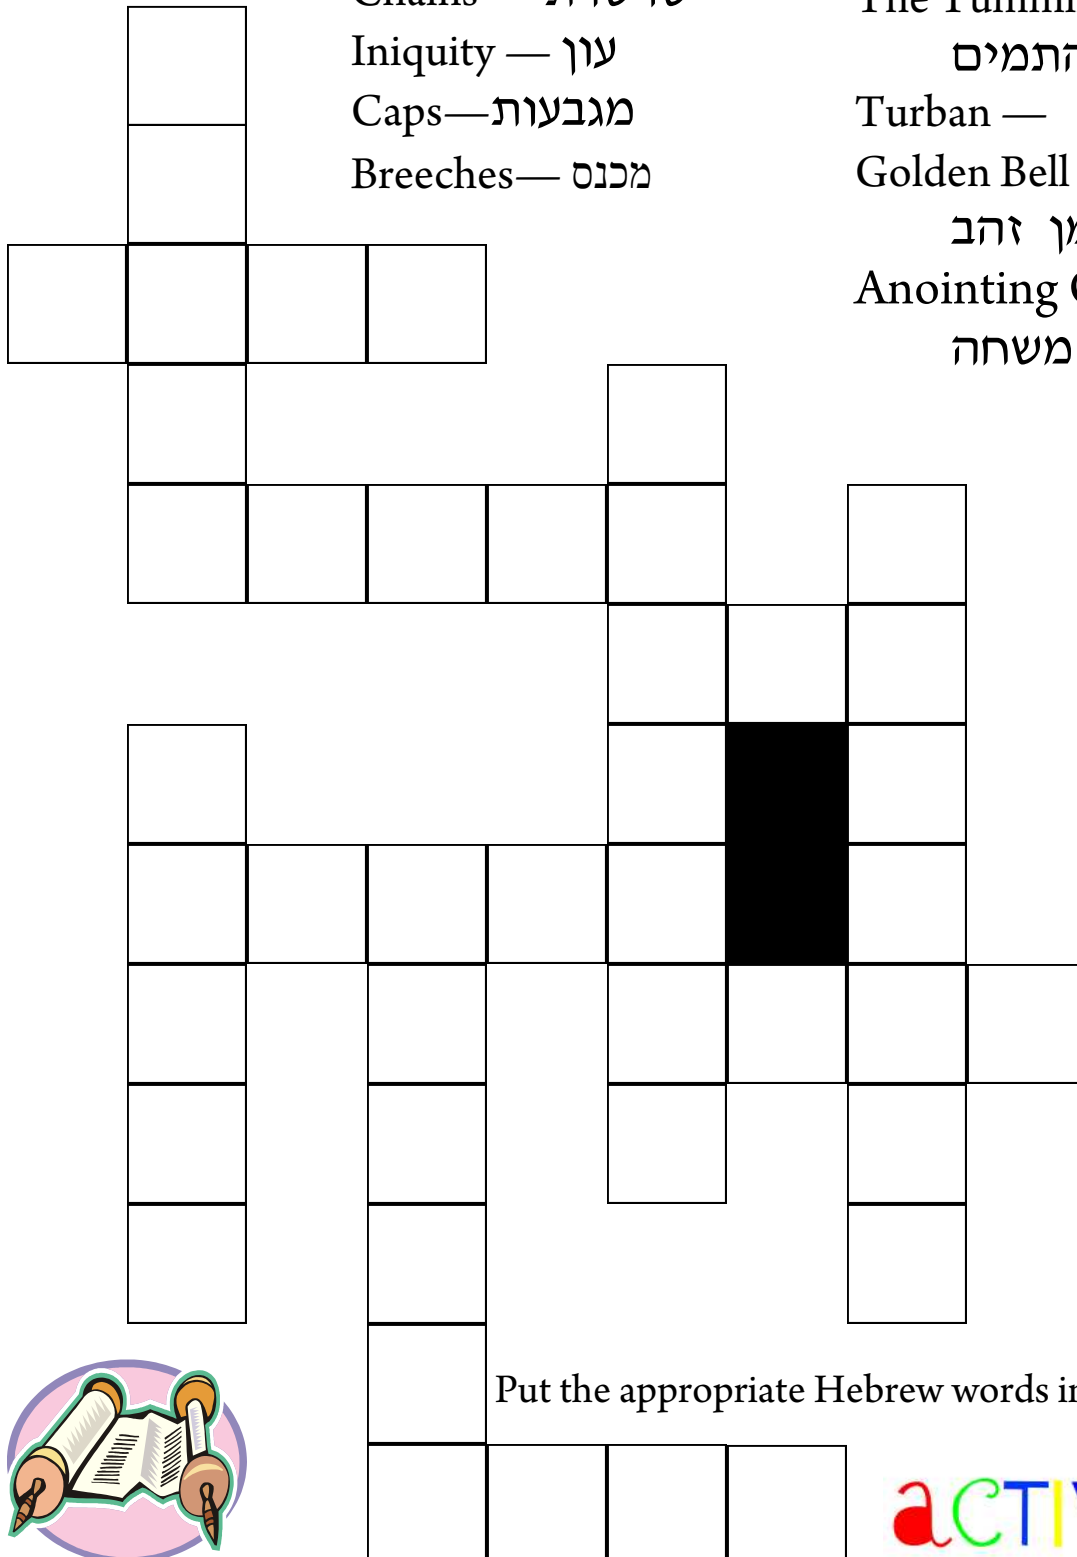

This Parasha begins with the commandment to make pure olive oil for the menorah which is to be placed in the outer sanctuary. It is to be lit and kept burning each night. This ordinance is to be followed throughout all the generations of Israel forever.

Next we find the commandments for making the garments of both the high priest and all the other priests. These garments were to be made according to the specifications of YHWH and then sanctified also in the exact manner in which YHWH specified. The priests were to wear these clothes whenever they were ministering before YHWH. They were to wear these clothes so that they would not die.

One of the articles that was to be made and worn by the high priest was the gold crown or plate that was placed over his forehead on the headpiece. On this gold plate the words "Qodesh to YHWH" were to appear in Hebrew letters. This was to be a constant reminder of how we are to live before YHWH.
